Homeopathy can be used to treat common illnesses and first aid conditions. This type of alternative health care is a gentle and effective way to keep your family well.

In this class you will learn:

- What is Homeopathy?
- When to use Homeopathic remedies.
- How to choose the best remedy in a first aid situation like: accidents, shock, concussions, bites, burns, flu's, earaches, teething and much more.....
- How to put together your own Homeopathic first aid kit for home and travel.
